Open positions – European Youth Energy Network

Event Programme Team 6/8 h/week

European Youth Energy Forum 2026 - #EYEF2026

Are you a passionate student or young professional? Do you want to contribute your skills and curiosity to the role of youth in the European energy transition? Then the *European Youth Energy Network (EYEN)* is the right place for you to thrive.

The *European Youth Energy Network (EYEN)* is the think tank **placing youth at the heart of the European energy transition**. We believe in a future where the European youth is instrumental in shaping a just and sustainable energy transition.

EYEN is a **non-profit youth-led association** that brings together youth energy-focused organisations (our Members), young professionals and students active at European, national, and local levels. EYEN also collaborates with international organisations, European institutions and companies to **create solutions** for the energy sector.

→ Your team/project

The European Youth Energy Forum is the flagship event of **EYEN**, that creates the space for **youth** to voice its opinion and connects them with **energy stakeholders** towards action. For its **5th consecutive edition**, we aim to gather 100 youth participants to embark on a three-month online working journey, which will culminate in a 5 day live event to be held in France in Q4 2026.

Full accommodation and partial travel expenses will be covered for the EYEF 2026 organising team by the EYEN for the 5 day period of the event. French speaking youth and/or residents in France are especially encouraged to apply.

And now? We're getting ready to kick off the planning of EYEF 2026 and we need **YOU**! Will you join the organising team to turn an ambitious forum into reality?

→ Your role

- Define a clear timeline and supervise the development of structured, high-quality **policy proposals** and other programme outputs;
- Support the preparation and facilitation of both **online** and **live working sessions** throughout the EYEF journey;
- Contribute to shaping a coherent, engaging, and **memorable experience** for participants;
- Define the **week-to-week programme**, curate online content, research and liaise with relevant speakers, moderators, and contributors;
- Support the participant **selection process**, including reviewing applications and contributing to the shortlisting and matching of participants to thematic tracks;
- **Collaborate** closely with the Sponsorship Team to align programme content with partnerships, contributions, and potential co-created sessions;
- **Contribute** to the development and coordination of **new programme formats**, such as a Hackathon and/or an Academic Conference, as part of EYEF's expansion;
- Act as a **mentor** for one of the participant teams or thematic tracks, supporting their work throughout the programme;
- **Moderate** panel discussions, working sessions, or programme blocks, and potentially take on a host or facilitator role during specific days of the live event;
- **Work cross-functionally** with other EYEF teams to ensure programme coherence and smooth delivery.

→ You are a good fit for this role if you

- Are extremely organised and speak & write confidently in English;
- Have experience in either policymaking, online workshops creation, mentoring or in programme design for events;
- Can work independently, take initiative yet also love teamwork;
- Are excited to see how you can contribute to the energy transition by shaping youth engagement and impactful advocacy work;
- Are available to participate in online sessions on Tuesday evenings (approx. 10 sessions from June - October 2026) and all days of the live event in Q4 2026.

➔ The experience is 100% worth it. This is why ▾

- You will work in a dynamic (and fun!) team of international young professionals and students, co-creating the development of an impactful organisation;
- You will learn a lot about youth involvement in the energy sector and benefit from our network with contacts to a wide range of organisations and institutions;
- You will be part of a project that can fulfil you as a key player in the integration of youth into the energy transition.

Apply now by sending your motivation and CV to careers@youthenergy.eu.
Applications are processed on a rolling basis, proof of work is very welcome.
We want to get to know you, so please don't stress about formalities and tell us what's been nudging you to join the youth + energy space 🌱 !
