Open positions – European Youth Energy Network

Advocacy Officer 2-4 h/week

PR & Advocacy Team

Are you a passionate student or young professional? Do you want to contribute your skills and curiosity to the role of youth in the European energy transition? Then the *European Youth Energy Network (EYEN)* is the right place for you to thrive.

The *European Youth Energy Network (EYEN)* is the think tank **placing youth at the heart of the European energy transition**. We believe in a future where the European youth is instrumental in shaping a just and sustainable energy transition.

EYEN is a **non-profit youth-led association** that brings together youth energy-focused organisations (our Members), young professionals and students active at European, national, and local levels. EYEN also collaborates with international organisations, European institutions and companies to **create solutions** for the energy sector.

→ Your team/project

The PR & Advocacy Team's goal is to boost EYEN's visibility, influence policy, and advocate for youth perspectives in the energy transition. The PR & Advocacy Team works with other internal EYEN teams by supporting their work to help streamline public relations with key stakeholders, such as EU institutions and NGOs, as well as increase visibility and engagement with the press. We also support EYEN volunteers at events and other public engagements by helping align EYEN's key messages and principles for external audiences.

Are you ready to join our team of like-minded volunteers based all across Europe and to be part of this *learning + action* story?

→ Your role

- Coordinate EYEN's advocacy efforts outside of the scope partnerships and events, mainly for creating a youth advocacy platform and increasing membership advocacy
- Work with the Director of PR & Advocacy and other stakeholders to boost youth representation in the European framework, including researching, drafting, pitching and stakeholder mapping
- Coordinate with the Membership team to increase engagement with member organisations

→ You are a good fit for this role if you

- Possess strong research and analytical skills to research and draft materials for the platform
- Have a good knowledge of the European energy and youth landscape
- Ability to draft clear and engaging materials in English
- Are a confident communicator able to engage diverse youth and institutional stakeholders
- A team-player willing to work and support within EYEN to build our advocacy in key target areas

→ The experience is 100% worth it. This is why ▾

- You will work in a dynamic (and fun!) team of international young professionals and students, co-creating the development of an impactful organisation;
- You will learn a lot about youth involvement in the energy sector and benefit from our network with contacts to a wide range of organisations and institutions;
- You will be part of a project that can fulfil you as a key player in the integration of youth into the energy transition.
